Dear Parent/Guardian

I would like to take this opportunity to thank you again for your continued support during another disrupted and challenging academic year. I am delighted with what has been accomplished: remote learning; planning and preparations for centre assessed grades; continued learning and teaching; assessments and the opportunity to experience a wider aspect of specific subjects. I would like to pay tribute to the exceptional hard work of our staff who have gone the extra mile to ensure that our students continue to develop and make progress in their learning. Our young people have shown tenacity and perseverance throughout this year and especially with their engagement in their learning both in school and where necessary remotely. We appreciate all your efforts in supporting your child's learning.

At this time of year annual reports have been published and have been sent in the post to your home address. If your home address has changed recently please contact the school office on 01253 336500. The reports for Year 7, 8, 9 and 10 include current working subject grade, attitude to learning subject grade and subject teacher comment.

We have been preparing for the return of all our students in the new academic year. Please be assured that the ongoing health and well-being of all our students is our main priority, alongside providing a high-quality education. I will write again in August to update you on the current situation and with further details regarding the student's return to school in September.

Please find below some key dates for your diary (for further dates please look at the school website).
